Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-21, drawn to a device, classified in class 257, subclass 787.
- II. Claims 22-42, drawn to a method for forming a device, classified in class 438, subclass 15.
- The inventions are distinct, each from the other because of the following reasons:

 Inventions II and I are related as process of making and product made. The

process as claimed can be used to make other and materially different product or (2)

inventions are distinct if either or both of the following can be shown: (1) that the

that the product as claimed can be made by another and materially different process

(MPEP § 806.05(f)). In the instant case the process as claimed can be used to make

another materially different product whereby the product can be made without applying

a layer of adhesive on spacer particles.

3. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
